For nearly an hour the large congregation listened with marked attention to the words of this venerable minister of Jesus. About the year 1823, a part chis time and ministerial labors were bis time and ministerial labors were, on the request of the persons named, ordered by the Presbytery of Monongabelis, to be devoted to this city. Accordingly, he preached, every fourth Sabbath in the old Court House, which then atood near the site of the east end of the Suspension Bridge. He was a man of a bigh order of intellect, a thorough scholar, and an humble and earnest follower of his Divine Master, and his memory is still fragrant, among those who were familiar with him.

These occasional services seem to

These occasional services seem to have been quite successful, for in 1832 the congregation commenced the erection of the Church building which we have recently abandoned for this better one, and completed it in the following year, when they were requirily organized with a roll of forty-six members.

organized with a roll of forty-six members.

At that time Thomas Sweeney and James Waddle were ordained and installed as ruling eiders. Thomas Johnston had been for some time previous a ruling eider in the Short Creek congregation, but his membership being transferred to this place he was installed us a ruling eider with the others just named. Of this first board of eiders, Mr. Johnson is dead. Mr. Sweeney is still with us, and Mr. Waddle still exercises his office, but in a far distant Church in the West.

The precise time at which Dr. Wallace was transferred from his other charges and settled as pastor of this church cannot now be obtained with certainty, but it was not long after the organization of the congregation. From 1833 until 1830, a period of sixteen years, he continued to discharge his ministerial duties with variable success. Many were received into the church and many were removed. Deaths, disaffection and removals seem to have retarded the growth of the church or in 1850 there were but

In the mouth of March 1850, the present pastor took charge of the congregation, and from that time to the present her history is but a repellition of the past, only on a much larger scale. Death, disaffection and removal have still operated somewhat against our growth but still we have abundant reason to thank God and take courage. We have had our, days of darkness

During this period, 445 persons have been received into the communion of the church. Add to these the 80 who were already in membership, and we have an aggregate of 528. Of these we have lost 45 by death, and 305 from other causes—leaving our membership 223.
